SYSTEMS SUNLIGHT S.A. is a dynamic Hellenic company, focusing in the design, production and distribution of batteries, energy systems and specialized services. Based on its strong knowhow and distribution network (autonomous entrepreneurial presence in 8 countries and agents-associates in more than 60 countries), SUNLIGHT has become a key worldwide player in the energy sector.

In the consumer battery field, SUNLIGHT exclusively represents TOSHIBA in Hellas since 1985 and in the whole European region since 2001. As a result of this fruitful partnership, SUNLIGHT is now TOSHIBA Consumer Batteries' TOP world distributor.
